

Knox City
Orthodontics

WE'VE MISSED
SEEING YOUR
Smiles!

The whole Knox City team are thrilled to welcome you back to the practice!

Recent changes to government restrictions means that we can once again treat your smiles in house. To ensure that everyone remains safe we will be practicing social distancing on top of our already stringent infection control processes. Please be patient with us as we work through these changes, we will be in contact with patients to reinstate their appointments in the coming days!
